

ENROLMENT POLICY

If you are interested in having your child attend any of the Sports School Programmes, please fill out the enrolment on page 14 and return it (physically or digitally) to:

Mr Lautaro Reinoso – Sports School Coordinator, located at the Sportsdome

Email: L.reinoso@kings.school.nz

Please note the following Enrolment Policies:

- If your child was enrolled in a sport in Term 3, they will be **'rolled over'** to the same sport for Term 4. That is the same sport, on the same day, at the same time – **Unless they are too old for the group.**
- **To remove or make a change to your child's sports, please contact Lautaro Reinoso.**
- Children will be added to the waiting list if a class has reached maximum capacity.
- Waiting lists are not **'rolled over'** so you must re-enrol your child if they were on a waiting list.
- No trials are offered for any programme, boys will be asked to enrol before taking part.
- Cancellations – these can only be made within three weeks of commencing the programme. #No refunds can be offered once bookings have been made after this.
- Failure to turn up to a programme x3 weeks in a row will see their space given to others on the waiting list or removed.
- Bookings can be made throughout the term.
- Reminder emails of boys being absent from their club will only be sent out in the first three weeks from the commencement of a programme.

All boys/parents are responsible for making their own way to any registered clubs. Please let the classroom teacher know what sports your child has enrolled in for Term 4. This is especially helpful for reminding younger children.

In the unlikely event that a Sports School Programme is cancelled after school, and the Sports School Co-ordinator is not in his office, students are advised to go to the **AQUADOME** where they can then contact their parents. Students will then wait there until they are picked up.

Subject to the discretion of the Sports School Manager or Co-ordinator

BASKETBALL

Our basketball programme is a great way to improve basketball skills and knowledge.

The aim is to give the children a grounding in the game and introduce them to competitive basketball via a local league. Training will give participants an opportunity to improve their basketball skills; including passing, shooting, ball-handling and footwork. Players will then apply these skills into a fun and competitive game situation.

A key component of the programme is to develop young basketballers to the point where they will enter and compete in local leagues. Emphasis will be placed on skills used in a game of basketball.

All boys, despite their ability are welcome to join. If boys are invited to play for the school then league games will be played at Saint Kentigern School or B&T. Games run for 30-40 mins and it is expected that all boys arrive at least 5 mins prior to start time. Draws can be found here.

Additional training outside of school hours for all ages can also be organised. Please contact the Sports School. Note that all students must find their own transport to the games.

CHESS

One of the great games continues its long standing popularity as part of the King's Sports School. The chess programme will take place every Wednesday for the first time novice players, Thursday for advanced players, and Friday for intermediate players.

We also continue to be extremely fortunate to have the services of our chess tutors, headed by Mr Ewen Green. The boys are shown different scenarios as a group at the beginning of the lesson and then the boys play games for the rest of the lesson, putting into practice what they have learnt.

Chess is a fantastic game to get the mind working and is a game that you can play at any age with lifelong enjoyment. There may be opportunities for students in the chess programme to compete in an inter-school tournament.

Chess is a popular activity and whilst we would like to cater for all children wishing to be involved we have to limit numbers to fit the venue. Children who choose this programme should be prepared to attend every session. Failure to do so will see their space given to others on waiting lists.

CRICKET

The Gentleman's Game. Hone your cricket skills under the watchful eye of experienced coach and player Simon Herbst.

Learning from the beginning, the students have a chance to learn the art of bowling, batting and fielding. Once older (the Friday session), the boys will use a hard ball and start to learn how to determine the best shot to play.

Sessions will target individual technical skills working from the club's specific syllabus before breaking into small game situations where players are taught "where and when" to be during match play.

The programme offers a base for developing players through to the upskilling of rising stars with representative aspirations. Participants also become eligible for the club's "Hooked on Hockey" holiday programme reserved for club members.

Sticks are not provided for the session so it is essential that your child has his own stick in order to participate in the class.

KARATE

Sensei Dennis May (8th Dan Black Belt) is the Director of the King's School karate programme. He and his instructors continue to run their ever popular classes.

Our aim is to provide quality instruction with a strong emphasis on personal development, self-defence, and health and fitness. The King's karate programme will be teaching a traditional style of karate called Goju Ryu (or hard and soft style). Goju Ryu has an equal emphasis on hard and soft techniques, and is ideally suited for younger students. A traditional style; it is firstly a complete exercise programme and secondly, includes the practical benefits of self-defence.

Training

Initially students learn in a strictly non-contact environment progressing according to their own abilities. Emphasis is placed on defence rather than attack. As a student advances technically they learn increasingly intricate techniques, and are gradually exposed to controlled contact applications of karate techniques.

Students will occasionally be taught self-defence. Techniques that do not involve punching or kicking, but rather simple yet effective restraining holds. Progress made by the boys so far has been outstanding with many of the students becoming yellow belts and beyond.
