

## **NEW BUILDING FAQs:**

**Architect:** Warren and Mahoney  
**Engineers:** Beca

**Construction method:** Steel pre-cut, assembled on site and placed using mobile cranes.

**Fundraising:** Fundraising will commence in Term 3.

**Demolition:** Start December 2015 and finish by 1<sup>st</sup> February 2016.

**Completion:** Completion is anticipated mid 2017. The new building will have the highest air and light quality and will be future proofed for any potential changes in fitout.

**Health and Safety:** Construction site will be fully contained, and all movement of contractors controlled. No asbestos has been detected. All contractors will be required to operate in accordance with a comprehensive Health & Safety regime. The school's own Health & Safety protocols will be strictly adhered to. It is worth noting that the school has engaged external Health & Safety consultants to develop a thorough framework that will cover all parties working on and supplying to the site with a view to minimising any risk to the boys, the public and the general school community.

**Noise:** Heavy work where possible will take place on the weekends and will be scheduled for school breaks. No radios will be on site.

**School operations during the build:** All classes will have their own classrooms in existing school buildings. Some will be relocated to the Bruce Wing, Sportsdome and Lighthouse. Class sizes will remain as in 2015.

**Transport:** Auckland Transport is assisting with traffic planning. Senior School drop off as normal on Remuera Road. Prep School will use drop off below the crossing and enter through Gate 9. Peak time deliveries will be avoided.

**Specialists:** The library size will be reduced but will operate as normal, housing the same number of books. Specialist classes will continue in their normal rooms with the exception of French classes which will take place in home rooms.

**Staff:** Teaching staff numbers will remain the same.

**Music:** Music programmes will operate as normal using the JR Fletcher Performing Arts Centre and the Lighthouse Foyer.

**Sport:** Sport will operate as normal. No grounds are affected.

**Aquadome:** The Aquadome is not affected. All programmes, including the Swim School and Swim Club will run as normal.

**Contacts:** Contacts during construction: Sue Britton, Bursar Ph: 520 7776  
Gary Elliott Ph: 021 919 796
